

ApplePay and Zelle payments

You can use either of these applications to pay your tuition or donation. There are no links directly to these on our site, but you can use these once you've signed up through your banking institution. They are available through your banking app on your phone.

- **ApplePay.** (<https://www.apple.com/apple-pay/>) Link ApplePay to your bank account. Transfers are completed using any telephone number, e-mail address, or Point-of-Sale terminal in shops. There are no fees as this works similarly to a debit card. GICS's cell phone number is (510) 798-9270.
- **Zelle** (<https://www.zellepay.com/>) This completes money transfers between financial institutions similarly to BillPay and currently has no fees. Transferring money is as easy as logging into your bank account, either on the web, or your 'phone, and sending your tuition payment (via Zelle) to **info@gerlindinstitute.org**.
